Councillor Niall Kelleher, Chair of the Kerry JPC

This is the second annual report of the Kerry JPC. The JPC plays a key role in providing strategic linkages between An Garda Síochána, the Local Authority and the community in matters of community policing and safety.

The JPC also provides a level of local democratic oversight of the Gardaí's work within County Kerry.

Significant progress has been made against our annual and strategic objectives and I would like to thank the members of the JPC and of the sub-committees for their work in advancing the programme.

I would like to complement the Gardaí at all levels in Kerry for their work with and for our communities.

Chief Superintendent Tom Myers, An Garda Síochána

I am pleased to report that the JPC has prospered during 2017, with a number of key commitments delivered upon. I am proud to be part of a team, who are breaking new ground in the sharing of anonymised data, aimed at informing the Kerry public of crime trends in the county. It is evident we have experienced increases in some crime categories during the year, in particular burglaries. This is a trend An Garda Síochána are committed to reverse.

An Garda Síochána rely heavily on the public's support in preventing and dealing with crime. Our work at the community level underpins a broad spectrum of policing activities.

As with previous years, An Garda Síochána remain focused on improving, Road Safety throughout the county. Together with our partner agencies we are committed to continued enforcement and education. To this end in 2017, I oversaw the allocation of an additional seven Garda members to our Divisional Roads Policing Unit. The prevalence of drink driving in the county continues to be a source of serious concern and we will continue of zero tolerance approach in this area.

Moira Murrell, Chief Executive, Kerry County Council

The data presented in this report and reviewed during the year at the JPC meetings clearly shows Kerry is a safe place to visit and to live in, with low crime rates contributing to the great quality of life we enjoy here and to the positive experiences of overseas visitors who contribute to the economy and vibrancy of our County.

During Storm Ophelia our relationship with the Gardaí and with other Agencies and Community groups helped to manage a key public safety challenge, without loss of life or serious injury to the public. Establishing good working relationships and the trust and support of the public contributes to a safe and resilient county. We will continue to work on building strong relationships between community and public service agencies.

## Kerry Joint Policing Committee:

---

### About the JPC

The Joint Policing Committee (JPC) aims to develop greater consultation, cooperation and synergy on policing and crime issues between An Garda Síochána, Local Authorities and elected local representatives and also facilitate the participation of the community and voluntary sectors in this regard.

The function of the JPCs is set out in section 36(2) of the Garda Síochána Act, which states: “The joint policing committee’s function is to serve as a forum for consultations, discussions and recommendations on matters affecting the policing of the local authority’s administrative area, and in particular to:

- (a) keep under review
  - (i) the levels and patterns of crime, disorder and anti-social behaviour in that area (including the patterns and levels of misuse of alcohol and drugs), and
  - (ii) the factors underlying & contributing to the levels of crime, disorder and anti-social behaviour in the area,
- (b) advise the local authority concerned and the Garda Síochána on how they might best perform their functions having regard to the need to do everything feasible to improve the safety and quality of life and to prevent crime, disorder and anti-social behaviour within the area,
- (c) arrange and host public meetings concerning matters affecting the policing of the local authority’s administrative area,
- (d) establish, in consultation with the local Garda superintendent, as the committee considers necessary within specific neighbourhoods of the area, local policing fora to discuss and make recommendations to the committee concerning matters that it is to keep under review under paragraph (a) or on which it is to advise under paragraph (b), in so far as those matters affect their neighbourhoods,
- (e) co-ordinate the activities of local policing fora,
- (f) A local authority shall, in performing its functions, have regard to the importance of taking steps to prevent crime, disorder and anti-social behaviour within its area of responsibility.

## Strategic and Annual Plans:

The Strategic Plan was prepared and published in 2016 in accordance with the JPC guidelines<sup>1</sup> & includes a list of strategic objectives, with links to Actions required to achieve these, the lead and key agencies involved and the outcomes to be populated (by sub committees). The sub-committees advance the actions in the plan and determine the priority of the actions – short/medium and long term.

It should be noted, as per the Guidelines (Code S. 2.7 & 2.8) that the JPC role is to make inputs to Policing plans and Local Authority plans and policies. While its focus is on outcomes, it can only produce advice and recommendations to the agencies, which control resourcing and establish policy (and bye-laws).

Revised guidelines for the establishment, operation and strategic focus of the Joint policing committee were published in 2014 and were outlined to the members at their initial meeting.

The role of the Kerry JPC is to serve as a forum for consultations, discussions, and recommendations on matters affecting the policing of the Kerry County Council's administrative area.

The Garda Division of Kerry does not serve the entire County, in that a small area of East Kerry (around Gneeveguila and Rathmore) is part of the Cork West Division.

The Chief Superintendent for Kerry has agreed to liaise with his colleague in Cork West to ensure that JPC matters are effectively communicated and consistent in these parts of the County.

The JPC will hold quarterly meetings is also obliged to hold at least one public meeting a year wherein members of the public can submit advance questions for discussion at the public meeting.

The six-year JPC plan must develop a number of priority Objectives which must then be actioned and progress monitored and reported on annually.

## Key Achievements (Item #2 JPC Guidelines Annual Report)

---

Item 2 in an Annual Report required by the JPC Guidelines is to list three key successes in the period

### Achievement #1:

#### **Advancing Community CCTV**

Briefing of members in relation to Community CCTV funding. Advancement and submission of three Community CCTV projects to the Garda Commissioner for approval and Dept of Justice for funding.

### Achievement #2:

#### **Producing sample crime mapping.**

Using manual data furnished by Garda management in the Kerry division, Kerry County Council mapped the locations of burglaries in the County during 2016 and 2017 for the JPC.

Using CSO Small Areas, the mapping helps stakeholders focus on locations of incidents and also provide most members of the public with assurances that their area has low incident of burglaries and a low risk from this class of crime. This is especially so in areas with active Community Alert areas.

### Achievement # 3

#### **Road Safety Campaigns**

The Roads Safety sub-committee analysis identified vulnerable road users – cyclists, motorcyclists and pedestrians as being of higher risk of being victims of serious and fatal accidents and undertook or supported a number of Road Safety campaigns, including the **Stayin' Alive 1.5** and related RSA campaign, manning a Safe Cycling stand at the Ring Of Kerry charity cycle event, and briefings to second and third level students in the county.

### Achievement # 4

#### **Identification of Vulnerable Communities and a means to engage.**

The identification of three areas (Rath Oraig – Tralee; Ballyspillane – Killarney and Ballyduff – Listowel) for the establishment of Local Policing Fora and four vulnerable community groups to work with the Community Cohesion sub-committee during 2018 to improve community safety and engagement with Community Policing in these communities.
